Late requests will only be carried out if equipment and installation conditions are available. These prices include supply to the stand (main) of a rubber pipe, with a ¼" shut-off valve at the end, installation and removal of branching equipment, supervision, maintenance and repair if necessary of the network, and the fuel consumption of the compressed air production set. Connection of appliances between the stop valve and the machine are at the Exhibitor's expense and will not be executed by the Brussels Exhibition Centre.
